Adverting to Government Order No L 2755-58/M1&101-41-6 dated 1-10-41 sanctioning an estimate for Rs 4,862/- for cleaning the Kalyani at Sravanabelagola, which work was undertaken and completed, I have the honour to state that source for water feeding the Kalyani is the rain water from the fron slope of the hill The catchment area is abutting the back-yard of a number of dwelling houses where manure is stocked and the space used as open latrines, As such there is a heavy pollution The Sanitary Engineer, Bangalore has forwarded an estimate for Rs 3800/- to the President, Sravanabelagola, for laying a 9" pipe line from a Tank by name Gangi-katte situated only about 300' from the South West corner to feed the Kalyani and states that the work is an urgent and important one and that the Minister for Local Self Government and Public Health has ~~inspected~~ instructed that the work may be taken up immediately.

2) The President, Sravanabelagola, reports with the resolution of the Municipal Council at their meeting held on 28-11-42 stating that owing to the slender resources of the Municipality which is a minor one, they are unable to bear any portion of the estimated cost and request that the Government may be requested to sanction the entire cost of the work as the work is very necessary in view of the place being a religious centre

3. In the above circumstances, I request you to kindly obtain sanction of Government, to a Government grant for Rs 3,800/- being the entire cost of the work proposed
